To inspire every child to recognise their full potential, believe they can make a difference and respect themselves, others and the world in which they live.

LEARNING JOURNEY

We have continued our Geography learning over the last two weeks. We have been looking at the exports of other countries and have been working on making media packs/posters which would persuade other countries that they would want to trade with ours due to the high quality exports. We have also looked at Cambodia’s main imports and exports, creating pie charts to show the results that we found!

LITERACY

In literacy we have been refocusing on learning back to VCOP. These are the tools that we need to use to become amazing writers! We have thought about how to really improve our sentences and have reminded ourselves about the different sentence types. We have looked at amazing openers and how writers, such as Michelle Paver, use them in her stories.

MATHS

In maths this week we have been looking at division. We have been reminding ourselves about how we divide using efficient written methods. We have also been working on using decimals instead of remainders. We have also refocused our learning on the four operations, *, +, - and ÷, thinking about efficient written methods in each, as well as being able to switch between each type of sum.

REmINDERS

Our mid-year break starts at 11.30 am on Friday 19th December!

Have a FANTASTIC break.

WEBSITE OF THE WEEK

www.resources.woodlands-junior.kent.sch.uk/literacy/

I put my ALL into everything that I do! I am a SUPERSTAR!

I was an all round superstar during our residential trip to Siem Reap and Battambang!

I have worked really hard on my poetry work, thinking about similes and personification.

I have been working really hard to master my tenses in Literacy!

PERSONAL GOALS

Throughout November & December our third iCAN personal goal is COOPERATION.

We will all be encouraging members of iCAN to be more cooperative by:

• Sharing ideas in teams & working together in groups
• Using cooperative learning structures to work together as a class or team
• Listening to our friends & helping others
• Getting the best from teamwork
• Appreciating the ideas and work of others

COOPERATION

Friday 12th December 2014 LB3 Wk5
