To inspire every child to recognise their full potential, believe they can make a difference and respect themselves, others and the world in which they live.

LEARNING JOURNEY

Wow! What a crazy start to a new learning block and a new learning journey! We fought bravely against the Zombie Apocalypse caused by Zombititis, a deadly disease that left several learners with a thirst for human blood. Thankfully, we managed to overcome rigorous testing to find a cure for the disease and rescue our fellow team mates. This entry point kick started our new learning journey: Being Human.

WEBSITE OF THE WEEK

MATHS

We have had a great time collecting data about our favourite colour, animal, transport method, flower and food! We recorded our results in a tally chart and then chose to make a bar graph from this data. We then thought of questions to ask our partner about their data.

REMININDERS

Book Week begins Monday 9th March. Bring in an old book to swap for a new one!

Bedtime stories 5.30pm—6.30pm, Wednesday 11th March.

Dress up as your favourite book character on Thursday 12th March.

LITERACY

We have been studying explanation texts; what their features are and how to identify them. We have been developing our skimming and scanning skills and note-taking skills to prepare ourselves for writing our own explanation texts about different animals, spiders, sharks, penguins and lions!

PERSONAL GOALS

Throughout March our sixth iCAN personal goal is RESILIENCE.

We will all be encouraging members of iCAN to be more resilient by:
• Keep trying
• Recognising obstacles and finding ways to overcome them
• Thinking positively
• Using trial and error to solve problems without giving up
• Thinking of different ways to help their learning
• Asking for help if they get stuck

RESILIENCE

No one spotted I was a zombie! Great acting!

I used my enquiry skills to beat the zombies!

I took great notes in literacy.

I always try hard in everything I learn.
