The Year 5 Newsletter!

Literacy

This week Year 5 have been looking at stories from other cultures! They have looked closely at a text from South Africa during the apartheid. The children have been busy doing role plays and acting allowing them to get a real feel of what life what have been like during this time.

Numeracy

In Numeracy, this week, we have been recapping and extending our knowledge of data handling. There have been large amounts of dice rolling to collect data and then using this information to draw up beautifully presented bar graphs. Next week is Maths Week where we will concentrtrng on Measures!

Notices

- Home activity packs should be returned on Monday.
- A gentle reminder that swimming is not optional. The school policy states that if your child is well enough to be in school, then they should attend swimming lessons.
- We wish you all a great weekend ☺

Star of the Week 50

Sarrah, your Literacy work has been outstanding this week. You have learnt how to analyse and respond to a text making your comprehension work outstanding. You have had a great week. Keep it up!

Star of the Week 5S

Li Lien! What an amazing few weeks you've had! You have won the Kep and Kampot award, your name is on the green card nearly every day and now you're Star of the Week; and it's all because everything you do is done to perfection!

Kep and Kampot

Cerificates and Funky Junk items were awarded to children who really stood out during our week away:

- Being a Star: Sinah and Li Lien
- Entertainer: Apirith and Junior
- Best Behaved: Sarrah and Prokorb
- Most Helpful: Angelina and Nathan
- Got Stunk In: Ryan and David

Learning Journey

We continued our slipper project this week by looking carefully at our designs and making a prototype from card and paper. This was a real challenge. How can a piece of paper turn into a slipper I hear you say?? Come and look at the Year 5 creations - you will be AMAZED!
