

Question of the Week
"What was the Children's Crusade?"
- Jess,

Year 7 and 8

29th January

Learning Highlights

- In Maths Year 7 and 8 have been learning about ratio and went on a trip to Lucky Supermarket to compare prices of different sizes and of the same items.
- English lessons we have been writing a narrative story, learning to edit our draft compositions and improve such things as sentence structure, description and use of dialogue.
- Humanities classes discussed Creationism v Evolution in their World Religions Unit.
- In Science classes have been learning about simple chemical reactions. The class has been set an assignment on the topic of Combustion.
- Our Design and Technology class has continued working on the bars for the holes in the new playground wall. The final design has been chosen and we are now designing Individual spaces to ensure that they are safe.
