

After-School Activities available for Reception, Year 1 and Year 2 learners: Round 3 (March-April 2018)

| MONDAY | WEDNESDAY |
|--|---|
| <p>Montessori Activities (Ms. Niumai) The Montessori Activities Club will include Daily Life Skills and Sensorial activities. It will be an interactive environment in which hands-on exploration is not only encouraged but necessary. The Daily Life activities will help build independence, increase concentration, improve fine motor skills (writing), develop a sense of pride in completion of an activity, developing self-esteem, self-control, showing respect for self, others and the environment. Unlike the activities for Daily Life, the sensorial activities have never been seen or used in everyday life. The sensorial materials will help children to internalise concepts of size, shape sound, colour and weight. Both the Daily Life and sensorial activities are designed to be purposeful, refining their motor skills through repetition. Time: 2:30-3:30p.m. Cost: \$25 Club Max: 12</p> <p>Transport Fun (Ms. Annemiek) Ever wanted to drive a train, go to sea in a boat or fly to the moon? Then this is the club for you! Using train sets, Lego, model making and our imaginations we will work together to travel the world! The children will be working together as a team; developing communication skills and building their English vocabulary. They will also be problem solving and using their imaginations as we construct and role play each week. Time: 2:30-3:30p.m. Cost: \$25 Club Max: 10</p> <p>Junk Modelling (Ms. Sophie) Is your child interested in turning boring old boxes and cartons into mini masterpieces? A hands-on activity that will allow your child to throw themselves into boundless enthusiasm and imagination. Their creation will have the potential to become anything they wish! Junk modelling works on the principle that non-directive materials support a greater degree of flexible behaviour and as such supports innovation and creativity. Time: 2:30-3:30p.m. Cost: \$25 Club Max: 10</p> <p>Little Tiddlers' Swim MP1 ONLY (iCAN swim coach) Come and have fun in the water! Develop water confidence. Learn to float and swim! Time: 2:30-3:00p.m. Cost: \$25 Club Max: 7</p> | <p>Cookery MP1 ONLY (Ms. Vijaya) For all budding chefs! This club will give you an opportunity to try out your kitchen skills and expertise ... recipes from all around the world will be made ... and tasted! Yum! Cookery club creates opportunity to discuss the senses (taste, sight, smell, touch) and it boosts self-esteem by accomplishing tasks that contribute to the team effort. Time: 2:30-3:30p.m. Cost: \$35 Club Max: 12</p> <p>Puzzles (Ms. Gemma) Love solving puzzles? We'll be trying out different types of puzzles such as the Rubik's cube, sudoku, matchstick puzzles, and number puzzles. Let's give that brain a good workout! Aid brain development as learners manipulate different puzzles, especially the Rubik's cube. Improve hand-eye coordination, gross and fine motor skills, memory, and problem-solving skills. Time: 2:30-3:30p.m. Cost: \$25 Club Max: 16</p> <p>Lego (Ms. Maggie) Come and have fun creating exciting small and large scale models from lego. Can you make a castle, rocket and a train? Learners will be encouraged to use their imagination to build and construct various objects using lego. They will also learn to share and work cooperatively with other learners. Time: 2:30-3:30p.m. Cost: \$25 Club Max: 10</p> <p>Little Tiddlers' Swim Reception ONLY (iCAN swim coach) Come and have fun in the water! Develop water confidence. Learn to float and swim! Time: 2:30-3:00p.m. Cost: \$25 Club Max: 7</p> |
